Assisted Shopping Project

This fortnightly service is provided in a wheelchair accessible vehicle. It is for clients with limited mobility who require assistance while they are at the shopping centre.

Health Related Transport

We can assist clients to a hospital or an allied health appointment. This is our most demanding service and clients must request transport at least 2 working days in advance. Service hours are Monday to Friday 6:30am to 4:00pm. All requests are confirmed the day before by our Client Liaison Officers.

Social Access Service

Need a trip to the hairdresser or to visit friends? Individual Transport to social activities is provided in a wheelchair accessible vehicle. The drivers provide a door to door service but will not remain with the client during their social activity. Service operates Monday to Friday 8:30am - 4:30pm.

Information
